To find all instances of your family name, search for variants caused by poor handwriting, misinterpretation of similar letters or their sounds. A few such examples are L for S, c for e, n for u, u for a; phonetic spellings (Aubuchon for Oubuchon); abbreviations (M' for M<sup>c</sup>); single letters for double (m for mm, n for nn); translations (King for Roy, Carpenter for Zimmermann), Other search tips: substitute each vowel for other ones, search for nicknames, when hyphenated – search for each surname alone, with and without “de” or “von”; with and without a space or apostrophe (Lachance and La Chance, O'Brien and OBRIEN). More suggestions are on the SCCGS website Quarterly pages at <https://stclair-ilgs.org>.
